Good morning All,

For your information, attached are two documents that map out the 43 study areas that are Measure A for the City of Los Angeles.

The first document, overlays the 43 study areas on the 15 Council Districts.

The second document, an excel worksheet, further clarifies the map by listing each park by Council District with the corresponding study area identifier located in the last column to the right.

Please let me know if you have any questions.

p.s. A huge "**Thank You**" to Alex Yee and Lisa McCullough, and possibly others in the IT Group, for their assistance creating these.
